Project 1 – Mood Board for “Summer Fling”

This collection was inspired by “The Total Look Exhibition” at MOCA, at the Pacific Design Center.

I was inspired by a garment that had a peacock feather head dress combined with a long sleeve, short A line dress. The dress was yellow with a pattern of peacock feathers on it. Also had matching yellow leggings. I liked the colors that the feathers had and was inspired to use bold colors for a A-line razor back dresses that is longer in the back and short in the front.
